Initial Complaint Narrative

story: On the early morning of Friday March 14, at about 2:00a m I was awakened by two police officer who were knocking on my door. I proceeded to open the door and was informed that they were there to pick up my children and bring them to the hospital because of some allegations that were made. I was confuses and did not understand what was going on. At that point my children began to cry. I informed the police officer my children needed me I was going to get them. That? s when it all started. Police Officer Harrington proceeded to be disrespectful, rude, and was using profanity towards me. He asked to see my ID when ID was shown he then went on to say if that was the only Fucking ID I had. He also went on to say get my children Fucking ID as well. I informed him he should be cursing around my children. I was informed that I should shut the hell up because he was the only one in charge. He informed me that I was in this situation because I?m an unfit parent. While I was getting my children ready I was being humiliated, curse at, and was being verbally abusive. I understand that the Officer had a job to do and I respect that. But at the same time I know what is right from wrong. And the way I was spoken to was not appropriate coming from Police officers. Please look into this matter it seems like this police officer has a habit of being verbally abusive towards civilians.
