Civil Docket Case # 19-CV-11265

Third Amended Complain

Carlisle McDaniel

Plaintiff

against

The City of New York

Defendants

Background

I was arrested on July 14, 2015
in Manhattan on 137th Street. Two
officers, Mr. D. Brooks and C. Zolbro
of 32nd precinct order on a loud
to pull over the automobile because
of a broken tail light. me and
another passenger left the car
and officers followed us and
arrested me for possession of
a loaded gun. I was assigned.

and indicted under 263S/2015 which was then dismissed and superseded by Ind. No. 1302/2016 after 9 months. The proceeding lasted in total for 4 1/2 years during which ten judges who were not appointed/elected officials acted without jurisdiction in the matter and my speedy trial rights were violated. Throughout the proceeding prosecutors abused process in the case related to the grand jury proceeding, speedy trial motions, probable cause hearings, and bail hearing for an ulterior and improper motive. The charges against me were duplicated with an array of offenses and half were thrown out, and although a video, D.N.A, and a gun tossing simulation showed his innocence after the first three months, the case against me continued. In addition, excessive bail was imposed in "attempt to hold me maliciously."

But ultimately, the case was dismissed for lack of probable cause. Because of

Prosecution > Due Process > Negligent
Investigation

Officer M.D. Brooks and C. Zallino
of 32nd precinct order on a loud to
pull over the automobile because of
a broken taillight me and another
passenger left the car and D Brooks
followed us leaving the driver and
passenger in the car and turned guns
on the street while following I
was detained and arrested without
consent and searched further the
other guy ran away. This was an illegal
arrest violating my 4th Amendment to

See HECNY chapter 6 Grand Jury Evidence and Instructions §6.64 Different evidentiary standards see People v. Siben, 19 N.Y.3d 247, 946 N.Y.S.2d 588, 969 N.E.2d 770 (2012) See People v. Further more officers said that they saw hands out stretched like we both threw some thing with out any corroboration requirements. Also because this was a lie and the officer had no probable cause it was entirely illegal HECNY Chapter 9: Suppression II Search and Seizure: Physical Evidence §9:53 Search and Seizure of abandoned or obvious evidence - Presumption against abandonment. There is however a presumption against abandonment and the prosecution has the burden of proving an intentional relinquishment or

abandonment of a known right or privilege. "The proof supporting abandonment should reasonably negate the exclusive inference of the throwing away." *People v. Picillo*, 78 A.D.2d 1424, 911 N.Y.S.2d 872 (3 Dept 2010). The police began chasing the defendant without any reason. While running away, the defendant threw aside a gun that the police later recovered. Suppression of gun was granted, because the defendant's action was "a provoked and spontaneous response to unlawful police conduct." *People v. Torres*, 115 A.D.2d 83, 499 N.Y.S.2d 730 (1st Dept 1986). This shows us that since the arrest is illegal and officers had no probable cause to arrest. Also that I was was detained for 3 days involuntarily.

After my arrest I was assigned and indicted with out any grand jury confirmation evidence by 07/15/2019 - 11/04/19 for a half year I was prosecuted with out probable cause by prosecution because the investigation revealed a video showing I did not abandon the weapons, also a gun loss simulation, and DNA that establishes my innocence, further more that the case couldnt be tried. I was released after I hired a lawyer. The case went to a magline away because in which the guns was suppressed from 9/11/19, 6/9/19, 6/7/19, 5/3/19, 6/1/19. Both officers and prosecution acted under color of law and persecuting and arresting me for 4 1/2 years with out probable cause violating my Due Process Clause 5th and 14th Amendments. Ultimately the case was dismissed in my favor.

False Imprisonment > Due process Conditions of Confinement Claims

I was arrested without probable cause, involuntary for a county year. I spent 25 day between my arrest and bail posted on 07/09/15 - 08/09/15 and then 08/09/19 - 11/04/19 on two cases 1302/2016 and 2635/2015. My bail was high because of the B class violent felony of possession of a in the 1st and 2nd and was supposed to be released on my second case before and after the bail Referee Court allowed me to be confined knowing the case couldn't be tried and having information, videos, D.N.A. test and a lack of probable cause. There was a major Due process violation concerning my demand twice from issues that arose from indictment 2635/2015 and 1302/2016 and also the fact that I had no commitment paper to be detained.

by the department of correction My high bail increases issues due to duplicated charges for guns that all didn't have my DNA on them one did with 15 other people one who they didn't arrest that was shown throwing them on camera

All the time I spent imprisoned as a detainee my conditions of confinement were unnecessary, cruel, and unusual. Over a period of 26 days ~~months~~ I was subject to cruel

high and low temperament because the house is outside the main building we were with out fans most of the summer and some times they were taken and not much heat in the winter. I was repeatedly threatened by officers and inmates they allowed to verbally harass and steal from. A few hundred dollars went missing from my account and no reply from grievance. more over I was subjected to unnecessary strip search of my housing because we were

forced to sleep in front of other officers and inmates. I was in a low classification housing area due to my classification policy. Says we are allowed a low number of search a month, and we were search 2-4 times a week. This is a violation of my 4th Amendment and 8th Amendment. Finally, I was place in a regular house with many hazardous inmate with bad diseases like ganggreen, HIV, Covid 19.

Abuse Of Process Claim & Conspiracy Claims

Officer arrested me illegally but saying there was a broken taillight in a car. I was a passenger in when in fact we were racially profiled. There was no broken taillight or a ticket for any such violation given the process of being pulled over was for a search and seizure, thus an arrest was made. My amendment right were violated. Also officers had been arresting me for for a while they had other motives because I told them who had the guns.

The grand jury was allowed to indict with out corroborating statements by a forensic officer or street cameras/body cameras to settle question of law. Due process was violated to hide perjury by officers Brooks and Zillo and was allowed to put some one in jail because the

Panel was on the street whether the officers or prosecution had the right person or not in the interest of justice.

The process of bail was violated under the 8th amendment because my bail was high and increased to \$100,000 to keep me in jail for a higher success rate of convict by not allowing me to create my perfect defense and keep working to pay my lawyer.

MR. case restricted me under 1302/2016 all the while have evidence that proves my innocence and knowing the case couldn't be tried because they were stalling to use scare tactic involving misinformation and plea bargaining of life, persistent felony, 5-15 years and finally 10 years flat. They also offered 5 years flat with another case in an attempt to have a innocent man plea bargain to years in jail. Due process 5th Amendment was clearly violated.

All of each process of court in which my right were violated show a high level of malice between my lawyer taken my money and leaving the case for the illegal plea offering from them the judge and prosecution under second felony offender status. My lawyer took 6 month and more from me for a D.N.A. that was never done and the gun wasn't possessed by officer or court to do a D.N.A. test.

Fair Trial Claim > Denial of Speedy trial > Malice > Officers Not available > Changed/altere'd grand jury/pretrial hearing

My speedy trial rights were violated because my time was calculated wrong, motion nonconcurrent to the case were stamped and recognized, and the correct motion went heard after my lawyer adopted them. Moreover, Due process 5th and 14th Amendment were violated under color of law.

All evidence was gather in the first 5 month of arrest. Then I was re-indicted which doesn't stop my Speedy trial provisions 30.30(a)(6) time start after the accusatory instrument. All together a video, All P, omnibus motion, grand jury hearing and ultimately map/cine away hearing didn't take more than 7 month between indictments 2635/2015 and 1302/2016, the case end 11/04/19.

My first 30.30(b) motion prepaid by my lawyer wasn't concurrent to

my case because that a ~~misdeemeanor~~ motion for speedy trial and I have a felony case. Court acted malicious in recognizing this motion with motion unit and prosecution by putting it on the record. Also acts of malice were evident because my future 30.30(b)(6) motions were recognized after being adapted by my lawyer. After only 149 were found then the motion was heard but never add to the record and stamped by court. A year passed and my 30.30(b)(6) motion (3rd one) wasn't heard, or put on record.

On 11/04/19 Officer Deagan Brooks was impersonated by another officer for a probable cause hearing. I wasn't allowed to testify in court that Officer Brooks wasn't present.

Also My grand jury and probable cause hearing transcripts were changed/ altered without court authorizing it to be redacted.

Imposition of Bail Claim

My case lack probable cause and the grand jury lack sufficient minutes to prove that the car was stop for a broken tail, without officers corroborated statements/evidence, traffic infraction, or map data way bearing minutes. My charges were duplicated with and array of other offenses and half were thrown out, with no change in bail. Moreover video, DNA and a gun firing simulation showed my innocence after the first 3 months of arraignment, and the case lacked jurisdiction because it could be tried / no competence. My case went to pretrial and then was reset back down to grand jury under a superseding indictment number 1302-2016

Damage

From various claims I'm seeking money amounts for Compensatory, General, Special, and Punitive Damages. The emotional/mental/humiliating distress, lack of Jurisdiction, physical injury, defamation, loss of employment opportunities, injury to reputation, injury to reputation, legal cost in defending the original action, transportation, been illegally/legally caused by any arrest or imprisonment I suffered by him during the course of the proceeding, psychiatric treatment, personal animosity, injury, reckless disregard of my rights, Consortium, impersonation, and loss of wages because of the proceeding, arrest, Conspiracy, and imprisonment. Moreover denial/discharge of employment, sexual and unusual punishment and violation of my constitutional rights with intent of malice. I'm asking for 100,000,000

I want to update the Court in advance of tomorrow's appearance. I am still waiting on minutes from several reporters and I believe that the Court will need the minutes from at least two or three of those dates (2015 calendar calls) before being able to render a decision. The People will also be ready for the hearings tomorrow and I will leave it to Mr. Conway and to the Court regarding whether to proceed with the hearings with this 30.30 motion still outstanding.

Thank you.

Subject: People v. Curtis McDaniels Ind. No. 1302/2016 - 30.30 minutes question

Dana,

The above case is on the Court's calendar for hearings and for decision on defendant's pro se 30.30 motion that was adopted by Mr. Conway on the last court date. Mr. Conway and I will both be ready for the hearings. The reason that the case is on for hearings is because of Mr. Conway's trial schedule and because this is going to be a hearings dispositive case because of a recent 1st Department case that will likely cause the hearing judge to suppress the guns that are the subject of this indictment.

I am writing to the Court because I will not be able to receive certain minutes from calendar calls on different dates before the decision date. However, this is not the first 30.30 motion that was filed in this case - Judge Scherzer issued a Decision on a prior 30.30 motion that was filed by one of the defendant's prior attorneys that found that there were 60 days chargeable to the People between May 5, 2016 and October 3, 2018 (the Decision is attached to this email).

However, that Decision did not account for any potential chargeable time before the arraignment on this superseding indictment (the defendant was originally indicted under Indictment # 02635/2015). Ms. Henderson, the defendant's prior attorney, was offered the chance to file a supplemental 30.30 motion to challenge the chargeable time on the first indictment and in her supplemental motion, acknowledged to the Court that the case was not beyond the permitted 30.30 time. See attached email from Ms. Boyar regarding this issue.

My preliminary (and nonbinding) count of chargeable time on the first indictment is 98 days. Those 98 days, when added to the 60 chargeable days in Judge Scherzer's Decision, equals 158 days.

There are no chargeable days between October 3, 2018 to date either because the People have either been ready, defense counsel requested and the Court ordered a 730 exam, because the case was put into a motion schedule, or because the defendant fired his previous attorney before the Court appointed Mr. Conway as the most recent attorney.

I am prepared to put the above information (and address each adjournment that was not already ruled on by Judge Scherzer) in writing in a formal response that I can imminently file, but I want to confirm that the Court can render a Decision on September 5th without having the minutes from the court dates during the first indictment and the minutes from the court dates since the date that Judge Scherzer issued the October 3, 2018 decision.

Thank you.

Sincerely,

Subject: Curtis McDaniels Ind. No. 1306/2016 - adj date 11/29/18

Judge Scherzer,

On October 3, 2018, the Court adjourned this case for defense counsel to file a supplemental 30.30 motion because defendant's first motion to dismiss pursuant to CPL 30.30 did not address any potential chargeable time on the original indictment in this case (Ind. No. 2635/2015); defendant's motion only addressed chargeable time on the superseding indictment (Ind. No. 1302/2016).

Defendant filed a supplemental CPL 30.30 motion on October 10, 2018. However, in defendant's motion papers, defendant does not allege that CPL 30.30 has been violated, as defendant asked for an order granting "[a] calculation of C.P.L. 30.30 pursuant to C.P.L. 30.30(1)..." See Defendant's CPL 30.30 Motion, dated October 10, 2018 at P.1. Further, in defendant's motion, defendant's own calculation of the CPL 30.30 time in this case indicates that "this case does not require dismissal at this time because the 30.30 time or 180 days has not elapsed." See Defendant's CPL 30.30 Motion, dated October 10, 2018 at P.2. It should also be noted that the People do not agree with defendant's assertion regarding the chargeable CPL 30.30 time.

Defendant has the initial burden to allege that the People have exceeded the permissible CPL 30.30 time. See *People v. Goode*, 87 N.Y.2d 1045 (1996) ("A defendant seeking a speedy trial dismissal pursuant to CPL 30.30 meets his or her initial burden on the motion simply 'by alleging only that the prosecution failed to declare readiness within the statutorily prescribed time period' (quoting *People v. Lupercion*, 85 N.Y.2d 71, 77-78, 1995).") Defendant failed to meet his initial burden on the motion based on the wording of defendant's motion.

Therefore, it is the People's position that because defendant does not allege a CPL 30.30 violation that it would be premature for the People to respond to this supplemental motion.

In the event that the Court would like a substantive response from the People in advance of the decision date on 11/29/18, the People want to inform the Court that we are awaiting minutes from a calendar call that were ordered in an expedited fashion. We expect to receive those minutes in the next few days and once we receive those minutes, I will be able to file and serve a substantive response in advance of the decision date, in the event that the Court would like the People to

respond substantively despite the fact that defendant does not allege that this case should be dismissed pursuant to CPL 30.30.
